

Real Estate Services

Websites: Turn key websites for agents and companies. Sites range from our simple Starter Sites (\$299) to our multi-page Custom Office Sites (starting at \$999). Simple set-up, customized pages and much more. We know real estate and what it takes to get you the leads you need.

Real Estate Directory: At www.MoveInSoon.com, we have a real estate agent directory. For only \$20 per year you can have a direct listing to your personal web site and soon you'll have access to an on line Help Area specially designed to assist real estate agents with technical issues.

Presentations: Get an edge on your competitors. A eye catching Power Point presentation is a great way to do it. Choose one of our templates

or we can design one to meet your specific needs. All presentations are customized with your professional information and delivered on a CD. You can

have copies made, e-mail them or present them on in person on almost any computer.

Training and more: We also offer computer training, web hosting, consulting, internet marketing and many other services for real estate professionals. Contact your area representative for more information.

Testimonials

Just a few testimonies we've received from some of our clients.

"I use to say poo poo on the web, but now I have an internet dance, I'm a believer. And whatever you're doing that makes me come up in those search engine things, keep it up. New customers and my competitors are finding me everywhere on the internet."

Lisa - www.LisaRichardson.com

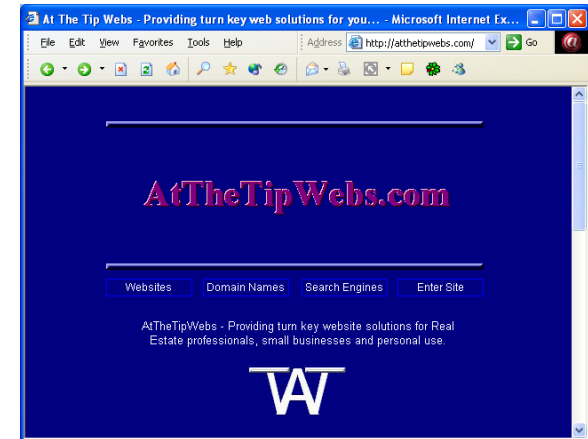

"...You would not believe the call I received yesterday. Someone called me from Houston, TX and wanted me to help their parents sell their \$300,000 home in our area. They told me that they choose me because I had the best website that they have ever seen for a real estate agent. They said that it has a great layout, looks very professional and not only have very useful features but it was very easy to find what they were looking for. Thanks a lot for a job well done."

Lolly - www.LollyHonea.com

"...Since I have upgraded to the "Basic Site" my leads have increased 4 to 1. One customer that I have gotten from my web site has purchased over 3 million dollars worth of real estate from me this year. If you ever need a reference please let me know, I'll make it easy for you to sell a web site."
